## Lexmark™ X73 Scan/Print/Copy

### Tips for using this guide

- Click the categories on the left side of the page to navigate through this guide, section by section.
- Click the left or right arrow in the lower right corner of the page to navigate through this guide, page by page.
- Click the house icon in the lower right corner of the page to return to the Home Page.
- Click **Edition Page** to view edition information.
- Select File ▶ Print ▶ Properties to print this guide. Make sure Landscape is selected. Select the pages you want to print, and then click OK.

## Basics

Congratulations on the purchase of your Lexmark™ X73 Scan/Print/Copy. You can scan, print, and copy documents using the printer operator panel and the printer software.

- **Using the operator panel**
- **Using the Scan & Copy Control Program**
- **Using the Print Control Program**
- **Loading the paper**
- **Replacing the cartridges**
- **Aligning the cartridges**
- **Preserving the cartridges**

# Using the operator panel

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

The printer operator panel consists of eight buttons that let you scan, print, copy and customize your documents.

#	Press this button:	When you want to:
1	Setup	Adjust your copy and scan settings using the Scan & Copy Control Program on your computer.
2	E-mail	Scan the image or document and attach it to a new e-mail message.
3	Scan	Scan the image or document and send to a software application.
4	Paper Feed	Load or eject a sheet of paper from the printer.
5	Color	Copy an image in color.
6	Black	Copy an image in black and white.
7	Fax	Scan an image or document and send as a fax.
8	Power	Turn your printer on or off.

The operator panel also has two lights. The Status light indicates errors. The Power light indicates the power is on.

## Using the Scan & Copy Control Program

When the software is installed on your computer, you can use the Scan & Copy Control Program to customize scan, print, and copy jobs. To open the Scan & Copy Control Program:

- 1 Click Start ▶ Programs ▶ Lexmark X73 ▶ Scan & Copy Control Program.

Select:	To:
The keypad	Set the number of copies to print, from 1 to 99.
Reduce/Enlarge	Scroll and select the size of your output.
Fit to page	Scroll and select the size of your output.
Auto Crop	Crop the image during scanning.
Rotate	Rotate the image 90 degrees clockwise during scanning.
The brightness bar	Adjust how dark or light you want the copy to be.
Color	Make a color scan or copy of a color original.
Gray	Make a black and white scan or copy of a color original.
B/W	Make a black and white scan or copy of a black and white original document.
Text/(OCR)	Scan a document into an application to let you edit the text.

Basics

Copying

Printing

Scanning

Select:	To:
Copy	Make a copy of the original document.
Fax	Scan the image or document and send it to a fax machine.
Email	Scan the image or document and attach it to a new e-mail message.
Send to Application	Scan the image or document into the selected image editor or word processor application.
Scan to File	Scan the image or document and save it as an image or text file.

To make additional changes to your documents before copying, printing, or scanning,

- 2 Click File ▶ Setup.

Select this tab:	When you want to:
Image	Adjust the properties of the scanned image.
Scan	Change how or where images are scanned.
Page	Set the scan frame position and size.
Copy/Fax	Set Printer Properties or choose your fax driver.
Email	Change settings related to e-mail operations.

Select this tab:	When you want to:
Application	Choose and configure any application on your computer for the Send to Application button.
OCR	Select the language you want the Optical Character Recognition (OCR) to use.
Descreen/Sharpen	<ul style="list-style-type: none"> <li>Remove a halftone pattern in the background of a scanned image.</li> <li>Enable and set the sharpen level.</li> </ul>

## Using the Print Control Program

The Print Control Program lets you monitor your printer and install or replace cartridges. To open the Print Control Program click Start ▶ Programs ▶ Lexmark X73 ▶ Print Control Program.

## Windows 98/Me

Click the:	When you want to:
Status tab	<ul style="list-style-type: none"> <li>• Monitor the status of your print job.</li> <li>• Cancel your print job.</li> </ul>
Options tab	Enable or disable various software functions, such as Sound Effects and Buffer Mode.
Cartridges tab	<ul style="list-style-type: none"> <li>• View your ink levels.</li> <li>• Install or replace cartridges.</li> <li>• Align cartridges for best quality.</li> <li>• Clean the nozzles.</li> <li>• Print a test page.</li> <li>• View cartridge part numbers and order supplies directly from the Lexmark Web site.</li> </ul>

## Windows 2000

Click the:	When you want to:
Status tab	<ul style="list-style-type: none"> <li>• Monitor the status of your print job.</li> <li>• Cancel your print job.</li> </ul>
Cartridges tab	<ul style="list-style-type: none"> <li>• View your ink levels.</li> <li>• Install or replace cartridges.</li> <li>• Align cartridges for best quality.</li> <li>• Clean the nozzles.</li> <li>• Print a test page.</li> <li>• View cartridge part numbers and order supplies directly from the Lexmark Web site.</li> </ul>
Options tab	<ul style="list-style-type: none"> <li>• Control how and when the Print Control Program displays.</li> <li>• Disable the printer shortcut.</li> </ul>

## Loading the paper

- 1 Place the paper against the right side of the paper support with the print side facing you.

**Note:** Do not force the paper into the printer.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

- 2 Squeeze the release tab and slide the paper guide to the right until it rests against the edge of the paper.

## Loading specialty paper

Follow these guidelines when loading specialty paper:

Load up to:	And make sure:
100 sheets of inkjet paper (depending on thickness)	<ul style="list-style-type: none"> <li>• The print side is facing you.</li> <li>• The paper rests against the right side of the paper support.</li> </ul>
10 envelopes	<ul style="list-style-type: none"> <li>• The print side is facing you.</li> <li>• The envelopes are loaded vertically against the right side of the paper support.</li> <li>• The stamp location is in the upper left corner.</li> <li>• The paper guide rests against the edge of the envelopes.</li> </ul>
10 greeting cards, index cards, postcards, or photo cards	<ul style="list-style-type: none"> <li>• The print side is facing you.</li> <li>• The cards are loaded vertically against the right side of the paper support.</li> <li>• The paper guide rests against the edge of the cards.</li> </ul>

Basics

Load up to:	And make sure:
25 sheets of photo paper	<ul style="list-style-type: none"> <li>• The glossy or coated side is facing you.</li> <li>• The paper guide rests against the edge of the photo paper.</li> </ul>
10 transparencies	<ul style="list-style-type: none"> <li>• The rough sides of the transparencies are facing you.</li> <li>• The paper guide rests against the edge of the transparencies.</li> </ul>
100 sheets of custom size paper	<ul style="list-style-type: none"> <li>• The print side is facing you.</li> <li>• Your paper size fits within these dimensions:                             <ul style="list-style-type: none"> <li>– Width:                                     <ul style="list-style-type: none"> <li>– 76 mm to 216 mm</li> <li>– 3.0 in. to 8.5 in.</li> </ul> </li> <li>– Length:                                     <ul style="list-style-type: none"> <li>– 127 mm to 432 mm</li> <li>– 5.0 in. to 17.0 in.</li> </ul> </li> </ul> </li> <li>• The paper guide rests against the edge of the paper.</li> </ul>
25 iron-on transfers	<ul style="list-style-type: none"> <li>• You follow the loading instructions on the iron-on packaging.</li> <li>• The print side (blank side) is facing you.</li> <li>• The paper guide rests against the edge of the iron-on transfers.</li> </ul>

## Replacing the cartridges

The Lexmark X73 uses the following cartridges:

12A1970	Black
15M0120	Color
12A1975	High Yield Black
15M0125	High Yield Color

- 1 Make sure the printer is on.
- 2 Open the cartridge door.

The cartridge carrier moves to the loading position, unless the printer is busy.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

- 3 Pull the old cartridge toward you, and then lift it out. Store it in an air-tight container or dispose of it.

- 4 Install the new or replacement cartridge in the printer.
  - a If you are installing a new cartridge, remove **only** the sticker and transparent tape on the bottom of the cartridge.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

b Insert the cartridge into the carrier.

c Push back firmly on the cartridge until it **snaps** securely into place.

**Warning:** Do **not** touch the gold contact area of the cartridge.

## Basics

## Index

- 5 Close the cartridge door.
- 6 From the Cartridges tab of the Print Control Program, select Install/Change Cartridge. For help, see page 8.
- 7 Select the cartridge type you installed and click OK.
- 8 If you installed a new cartridge, the Alignment dialog box displays. Follow the instructions on the Alignment screen to complete the cartridge installation. For help, see the next section.
- 9 Make sure paper is loaded. An alignment page prints. You are prompted to enter numbers related to the patterns that print. For help, see the next section.

## Aligning the cartridges

To improve the print quality, you may need to align the cartridges.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

- 1 Select Print Control Program ▶ Cartridges ▶ Align Cartridges. For help, see page 8.  
An alignment page prints and the Align Cartridges dialog box displays on the screen. A number appears under each pattern. The test page that prints is similar to the one shown.

- 2 For each alignment group on the test page, find the number that comes closest to forming a straight line.
- 3 In the Align Cartridges dialog box, enter the numbers you selected on the test page.
- 4 After you have entered a number for all of the patterns, click OK.

## Preserving the cartridges

To ensure the longest life from your print cartridge and optimum performance from your printer:

- Keep a new print cartridge in its packaging until you are ready to install it.
- Do not remove a print cartridge from the printer except to replace, clean, or store it in an air-tight container. The print cartridge does not print correctly if removed from the printer and left exposed for an extended period of time.
- If a print cartridge runs out of ink, leave the empty cartridge in the printer until you are ready to replace it. Printing with only one of the print cartridges in the printer may cause printer problems.

Lexmark's printer warranty does not cover repair of failures or damage caused by a refilled cartridge. Lexmark does not recommend use of refilled cartridges. Refilling cartridges can affect print quality and cause damage to the printer. For best results, use Lexmark supplies.

### Assembling posters

- 1 On each printed page, trim the white edges from two adjacent sides.  
For example, trim the white edges from the top and left sides of each page.

- 2 Arrange the pages so that every trimmed edge overlaps an untrimmed edge (the white edge).
- 3 Tape the back of the pages together.
- 4 To complete your poster, trim any remaining white edges.

## Creating projects

### Windows 98/Me

#### *Two-sided printing*

Besides saving paper, this feature is helpful when you want to print booklets.

- 1 Customize Printer Properties for a two-sided document.
  - a Open Printer Properties. For help, see page 33.
  - b Click the Paper tab to select the page size and orientation.
  - c Click the Job Finishing tab to select Two-sided printing.
  - d Select a binding edge.
  - e To print paper reloading instructions, select Print reloading instructions after the first side prints.
  - f Click OK.
- 2 From the application File menu, select Print.
- 3 After the first side of your two-sided document prints, the software prompts you to reload the paper.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

- 4 Follow instructions on the screen or the printed instruction page.
- 5 Click OK.

**To return to single-sided printing:**

- 1 From Printer Properties, click the Job Finishing tab.
- 2 Clear the Two-sided printing check box.
- 3 Click OK.

**Printing a handout**

You can conserve paper by printing handouts or multiple page images on a single sheet of paper.

- 1 Customize Printer Properties for handouts.
  - a Open Printer Properties. For help, see page 33.
  - b Click the Paper tab to select the page orientation and document size.
  - c Click the Job Finishing tab and select:
    - Handout

- Number of Prints on a single sheet
- Print Page Borders

**d** To print your handout on one side of the paper, click OK.

To print your handout on both sides of the paper:

- Select Two-sided printing. For help, see page 46.
- Click Long Edge Binding or Short Edge Binding.
- Click OK.

**2** Print your handouts.

- a** From the application File menu, select Print.
- b** From the Print dialog box, click OK.

If you format your handouts to print on one side of each page, return to normal printing.

If you format your handouts for two-sided printing, continue printing the second side of your handouts. For help, see page 46.

***To return to normal printing:***

- 1** From the Job Finishing tab, select Normal.
- 2** Click OK.

### Printing a booklet

You can print and bundle your document to make a booklet.

- 1 Load paper. For help, see page 11.
- 2 Customize Printer Properties for booklets.
  - a Select Portrait.
  - b Select a paper size. Choices include Statement, Letter, A4, or A5.
  - c Open Printer Properties. For help, see page 33.
  - d Click the Job Finishing tab.
  - e Select Booklet.
  - f Select the number of Sheets Per Bundle.

**Note:** A bundle is any number of sheets of paper folded together. When printing with a heavier paper stock, select a smaller number of Sheets per Bundle.

- g Select the option on the screen that prints reloading instructions.
  - h Click OK.
- 3 Print, and then assemble your booklet.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

- a From the application File menu, select Print.
- b From the Print dialog box, click OK.
- c After the first side of your booklet prints, the software prompts you to reload the paper.

**Note:** For help reloading and printing two-sided documents, see page 46.

- d Click OK.

**Note:** To return to normal printing, see page 48.

- e Assemble your booklet.

**Assembling a booklet**

Once your document prints, stack the bundles and bind the booklet.

- 1 Take the first bundle from the paper exit tray, fold it in half, and set it aside.
- 2 Fold and stack the rest of your bundles, one on top of the other, until your booklet is complete.
- 3 Bind the bundles.

## Customizing T-shirts

- 1 Load iron-on transfer paper into the printer with the blank side facing you.
- 2 Open the image editor program supplied with the printer.
- 3 Create or select the image of your choice (scanned photo, clip art, scanned images, or objects) in an image editor program.
- 4 Select the mirror option.
- 5 Print your image.
- 6 Follow the instructions of the iron-on transfer packaging.

**Note:** You can also personalize pillowcases, tote bags, or other items suitable for iron-on transfers.

### Creating awards and certificates

- 1 Create awards or certificates in a word processing or image editor program.
- 2 Center and enlarge the text for the heading.
- 3 Reduce the font and customize your award or certificate for the specified occasion.
- 4 Use clip art or create your own graphics, if desired.
- 5 From the application File menu, select Print.
- 6 Select Properties.
- 7 From the Document Quality tab, select the Document Type, Paper Type, and Print Quality for your document.
- 8 From the Paper tab, select the Paper Size and orientation for your document.
- 9 Click OK.
- 10 Click OK.

**Note:** You may want to print your award or certificate on card stock.

# Troubleshooting

When the printer has a problem, first make sure:

- The power supply is plugged into the printer and an electrical outlet.
- The printer is turned on.
- The sticker and transparent tape are removed from the bottom of the cartridge.
- The USB cable is securely attached to the computer and printer.
- The paper is loaded correctly.
- The Lexmark X73 is set as the default printer.
- The computer is turned on.

## Categories

- **Document does not print**
- **Document prints slowly**
- **Document misfeeds or jams**
- **Document prints poorly**
- **Problems with specialty paper**
- **Error messages and flashing lights**

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

## Document does not print

- Make sure the printer is not being held or paused.
- Make sure the cartridges are properly installed. For help, see page 15.
- Use an undamaged USB cable.

To check printer status:

- 1 Click Start ▶ Settings ▶ Printers.
- 2 Double-click the Lexmark X73 printer icon.
- 3 Make sure no check mark appears next to the Pause Printing option.
- 4 Print a test page.
- 5 Check the software application.

## Document prints slowly

- Close applications not in use.
- Select Normal or Quick on the Document/Quality tab of Printer Properties or Printing Preferences. For help, see page 33.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

- Consider purchasing more Random Access Memory (RAM) for your computer.

**Note:** Photos or documents containing graphics may take longer to print than regular text.

## Document misfeeds or jams

### Paper misfeeds or multiple sheets feed

Make sure:

- You use a paper recommended for inkjet printers.
- You do not force the paper into the printer.
- You do not load too much paper in the printer. For help, see page 11.
- You load the paper correctly.
- You select the correct Paper Type and Size in Printer Properties or Printing Preferences or in the Scan & Copy Control Program.
- The paper guide rests against the left edge of the paper and does not cause the paper to bow in the paper support.

Basics

Copying

Printing

Scanning

**Troubleshooting**

Appendix

Index

## Paper jams

Remove the paper from the printer. If the paper is lodged too far into the printer and cannot be removed:

- 1 Press the Power button to turn the printer off.
- 2 Pull firmly on the paper to remove it.  
If you cannot reach the paper because it is too far into the printer
  - a Open the cartridge door and pull the paper out.
  - b Close the cartridge door.
- 3 Press the Power button to turn the printer on, and then send your document to print.

## Document prints poorly

### Vertical, straight lines are not smooth

To improve the print quality of vertical, straight lines in tables, borders, and graphs.

- Select Photo or Max Photo Quality from the Document/Quality tab of Printer Properties or Printing Preferences. For help, see page 33.

Basics

Copying

Printing

Scanning

**Troubleshooting**

Appendix

Index

- Test the cartridge alignment. For help, see page 18.
- Clean the nozzles. For help, see page 73.

## Characters are missing or unexpected

Make sure the scanner bed is clean.

- 1 Dampen a clean lint-free cloth.
- 2 Gently wipe the glass scanner bed.

**Note:** Make sure all ink or corrective fluid on your document is dry before placing the document on the glass scanner bed.

## Print is too dark or smudged

Make sure:

- You let the ink dry before handling the paper.
- You select the correct Paper Type and Size in Printer Properties, Printing Preferences, or in the Scan & Copy Control Program.
- The paper is straight and unwrinkled.

Basics

Copying

Printing

Scanning

**Troubleshooting**

Appendix

Index

- You select the appropriate Quality setting for the paper type. If you are printing on regular paper, select the Quick setting from the Document/Quality tab of Printer Properties, Printing Preferences, or from the Scan & Copy Control Program. For help, see page 33.
- The nozzles are clean. For help, see page 73.

## **Print quality is poor at the edges of the page**

Like other printers, the printer cannot print in the extreme left, right, top or bottom edges of a page. Use these minimum settings:

- Left and right margins:
  - 6.35 mm (0.25 in.) each for all paper sizes except A4
  - 3.37 mm (0.133 in.) each for A4 size paper
- Top margin:
  - 1.7 mm (0.067 in.)
- Bottom margin:
  - 16.51 mm (0.65 in.)

## Printed pages have alternating bands of light and dark print (intermittent printing)

- Make sure Enable Buffer Mode is selected on the Options tab of the Print Control Program. For help, see page 14.
- Select Photo or Max Photo Quality on the Document/Quality tab of Printer Properties or Printing Preferences. For help, see page 33.

## Colors are faded or not printing correctly

- Check the ink level graphic on the Cartridges tab of the Print Control Program. An ink cartridge may be out of or low on ink. For help, see page 10.
- Use a different color setting.
- Select Printer Properties or Printing Preferences ▶ Document/Quality ▶ Natural Color For help, see page 33.
- Use a different brand of paper. Every paper brand accepts ink differently and prints with slight color variations.
- Clean the nozzles. For help, see the next section.
- Wipe the print nozzles. For help, see page 75.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

- **Notices**
- **Safety information**
- **ENERGY STAR**

[Basics](#)[Copying](#)[Printing](#)[Scanning](#)[Troubleshooting](#)[Appendix](#)[Index](#)

## Statement of Limited Warranty

### Lexmark International, Inc., Lexington, KY

This warranty applies to the United States and Canada. For customers outside the U.S. and Canada, refer to the country-specific warranty information that came with your printer.

#### **Lexmark™ X73 Scan/Print/Copy**

This Statement of Limited Warranty applies to this product if it was originally purchased for your use, and not for resale, from Lexmark or a Lexmark remarketer, referred to in this statement as “Remarketer.”

#### **Warranty**

Lexmark warrants that this product:

- Is manufactured from new parts, or new and serviceable used parts, which perform like new parts
- Is free from defects in material and workmanship
- Conforms to Lexmark’s official published specifications
- Is in good working order

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

If this product does not function as warranted during the warranty period, contact a Remarketer or Lexmark for repair without charge.

If this product is a feature or option, this statement applies only when that feature or option is used with the product for which it was designed. To obtain warranty service, you may be required to present the feature or option with the product.

If you transfer this product to another user, warranty service under the terms of this statement is available to that user for the remainder of the warranty period. You should transfer proof of original purchase and this statement to that user.

### ***Warranty service***

The warranty period is 12 months and starts on the date of original purchase as shown on the purchase receipt.

To obtain warranty service you may be required to present proof of original purchase. Warranty service will be provided at your location, at a Remarketer or a Lexmark designated location. You may be required to deliver your product to the Remarketer or Lexmark, or ship it prepaid and suitably packaged to a Lexmark designated location. You are responsible for loss of, or damage to, a product in transit to the Remarketer or the designated location at a Lexmark designated location.

When warranty service involves the exchange of a product or part, the item replaced becomes the property of the Remarketer or Lexmark. The replacement may be a new or

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

repaired item. The replacement item assumes the remaining warranty period of the original product.

Replacement is not available to you if the product you present for exchange is defaced, altered, in need of a repair not included in warranty service, or damaged beyond repair. Also, such product must be free of any legal obligation or restrictions that prevent its exchange.

Before you present this product for warranty service, remove all programs, data, and removable storage media.

For further explanation of your warranty alternatives and the nearest Lexmark authorized servicer in your area, please contact Lexmark at 1-800-539-6275, or on the World Wide Web at [www.lexmark.com](http://www.lexmark.com).

Free remote technical support is provided for this product throughout its warranty period. For products no longer covered by a Lexmark warranty, technical support may only be available for a fee.

### ***Extent of warranty***

We do not warrant uninterrupted or error-free operation of a product.

Warranty service does not include repair of failures caused by:

- Modification or attachments
- Accidents or misuse

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

- Unsuitable physical or operating environment
- Maintenance by anyone other than Lexmark or a Lexmark authorized servicer
- Operation of a product beyond the limit of its duty cycle
- Failure to have installed a maintenance kit as specified (if applicable)
- Use of printing media outside of Lexmark specifications
- Use of other than Lexmark supplies (such as, inkjet cartridges)
- Use of other than Lexmark product or component

**ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE WARRANTY PERIOD. NO WARRANTIES, EXPRESS OR IMPLIED, WILL APPLY AFTER THIS PERIOD.**

### ***Limitation of liability***

Your sole remedy under this Statement of Limited Warranty is set forth in this section. For any claim concerning performance or nonperformance of Lexmark or a Remarketer for this product under this Statement of Limited Warranty, you may recover actual damages up to the limit set forth in the following paragraph.

Lexmark's liability for actual damages from any cause whatsoever will be limited to the greater of 1) \$5,000 or 2) the amount you paid for the product that caused the damages. This

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

limitation of liability will not apply to claims by you for bodily injury or damage to real property or tangible personal property for which Lexmark is legally liable. In no event will Lexmark be liable for any lost profits, lost savings, incidental damage, or other economic consequential damages. This is true even if you advise Lexmark or a Remarketer of the possibility of such damages. Lexmark is not liable for any claim by you based on a third party claim.

This limitation of remedies also applies to any developer of materials supplied to Lexmark. Lexmark's and the developer's limitations of remedies are not cumulative. Such developer is an intended beneficiary of this limitation.

### ***Additional rights***

Some states do not allow limitations on how long an implied warranty lasts, or do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

## Electronic emission notices

### Federal Communications Commission (FCC) compliance information statement

The Lexmark™ X73 Scan/Print/Copy has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The FCC Class B limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

Basics

Copying

Printing

Scanning

Troubleshooting

Appendix

Index

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult your point of purchase or service representative for additional suggestions.

The manufacturer is not responsible for any radio or television interference caused by using other than recommended cables or by unauthorized changes or modifications to this equipment. Unauthorized changes or modifications could void the user's authority to operate this equipment.

**Note:** To assure compliance with FCC regulations on electromagnetic interference for a Class B computing device, use a properly shielded and grounded USB cable such as Lexmark part number 12A2405. Use of a substitute cable not properly shielded and grounded may result in a violation of FCC regulations.

Any questions regarding this compliance information statement should be directed to:

Director of Lab Operations  
Lexmark International, Inc.

## Notices

### Industry Canada Compliance Statement

This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations.

### Avis de conformité aux normes d'Industrie Canada

Cet appareil numérique de la classe B respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada.

### European Community (EC) Directives Conformity

This product is in conformity with the protection requirements of EC Council directives 89/336/EEC and 73/23/EEC on the approximation and harmonization of the laws of the Member States relating to electromagnetic compatibility and safety of electrical equipment designed for use within certain voltage limits.

A declaration of conformity with the requirements of the directives has been signed by the Director of Manufacturing and Technical Support, Lexmark International, S.A., Boigny, France.

This product satisfies the Class B limits of EN 55022 and safety requirements of EN 60950.

## Japanese VCCI Notice

この装置は、情報処理装置等電波障害自主規制協議会（VCCI）の基準に基づくクラス B 情報技術装置です。この装置は、家庭環境で使用することを目的としていますが、この装置がラジオやテレビジョン受信機に近接して使用されると、受信障害を引き起こすことがあります。

取扱説明書に従って正しい取り扱いをして下さい。

## The United Kingdom Telecommunications Act 1984

This apparatus is approved under the approval number NS/G/1234/J/100003 for the indirect connections to the public telecommunications systems in the United Kingdom.

## Safety information

- Use only the Lexmark power supply provided with this product or a Lexmark replacement unit.
- Connect the power cord to an electrical outlet that is near the product and easily accessible.
- Refer service or repairs, other than those described in the manual, to a professional service person.

## ENERGY STAR

The EPA ENERGY STAR Computers program is a partnership effort with computer manufacturers to promote the introduction of energy-efficient products and to reduce air pollution caused by power generation.

Companies participating in this program introduce personal computers, printers, monitors, or fax machines that power down when they are not being used. This feature will cut the energy used by up to 50 percent. Lexmark is proud to be a participant in this program.

As an ENERGY STAR Partner, Lexmark International, Inc. has determined that this product meets the ENERGY STAR guidelines for energy efficiency.
